STUDY AT CANADA'S MOST PRESTIGIOUS UNIVERSITY IN THE HEART OF DOWNTOWN TORONTO

UNIVERSITY OF TORONTO

Established in 1827, the University of Toronto is one of the oldest and most internationally recognized universities in North America. Ranked the top university in Canada by the Times Higher Education World University Rankings, the QS World University Rankings and the Shanghai Jiao Tong University's Academic Ranking of World Universities, the University is a world-class institute with 17 schools & faculties, 13 teaching hospitals, 19 graduate institutions, and over 700 undergraduate programs.

With an annual enrollment of over 80,000 students, including more than 10,000 international students, the University is Canada's largest educational institution and continues to be the nation's leader in higher learning and research.

International Programs

The International Programs Office provides unique learning opportunities and programs aimed at addressing complex issues international students face in university transition, language learning and cultural immersion. Ranging from short-term summer programs to full year conditional admission programs, the International Programs provide high quality enrichment, transition, and preparatory programs to prepare international students for success.

Toronto, Canada

The City of Toronto is the best of all worlds. Its multicultural population, which speaks over 150 languages, makes it one of the most exceptionally diverse cities in the world, and provides the perfect setting for global immersion. One of the most livable cities in the world*, Toronto attracts the best and brightest who come seeking world-class business, culture and education.

Located on the shores of Lake Ontario, downtown Toronto is home to world-class theatre, film and music festivals, distinguished art galleries and museums, North America's third largest stock exchange, trendy shopping districts, world-class restaurants, major professional sports franchises, and vibrant ethnic neighborhoods.

With a population of almost 6 million people, Toronto is Canada's largest city and has a reputation as the safest and cleanest major city in North America.

Morning Courses

General English Course (GEC)

Course Length: 4 weeks
Classes: 15 hours/week
Levels Offered: All levels

GEC offers daily classes led by fully-accredited English language teachers that develop all aspects of students' English language abilities, including: speaking, listening, writing, reading, and vocabulary. The aim of the course is to help students improve their confidence, fluency, and grammatical accuracy through a variety of communicative activities, such as collaborative projects, discussions, and presentations. Students are encouraged throughout the course to share their own knowledge and experience in the classroom.

Academic English Course (AEC)

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Intermediate
Levels Offered: Intermediate, High

AEC is intended for students who need English for their university study or academic career. Course topics include critical reading and seminar discussions, oral presentations, essay writing, and online research skills. Grammar will be reviewed as needed, but the main aim of this course is to help students to develop fluency in academic English and to learn strategies for success in an English-language university. Students should also expect to complete some reading and writing assignments outside of class time.

English for Global Business 1 (EGB1)

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Intermediate
Business Experience: Not required

EGB1 is designed for students who wish to become more comfortable using English at work, or who are planning on a business career. Classes will help students develop fluency and confidence in everyday business English including: introductions, telephone and face-to-face conversations, participating in meetings, making presentations, writing effective emails, and intercultural business communication.

English for Global Business 2 (EGB2)

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Intermediate
Business Experience: Minimum 1 year business experience

EGB2 is aimed at students who already use English at work, but who wish to develop their language skills to handle higher-level communication such as leading meetings, writing memos, negotiating, and promoting intercultural client relationships.

Afternoon Courses

Speaking & Pronunciation Course (SPC)

Course Length: 4 weeks
Classes: 10 hours/week
Levels Offered: All levels

SPC uses a wide variety of classroom activities to improve each student's ability to communicate orally in English. Classes specifically concentrate on developing pronunciation, listening, and conversation skills. Students also practice delivering oral presentations and participating in group discussions.

TOEFL iBT Preparation Course (TPC)

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Intermediate

TPC is designed for intermediate and advanced students who plan to study at an English language university and who will need to take the TOEFL iBT. Throughout the course, students learn strategies and develop the skills necessary for success on the test. At the end of the course, students will have an opportunity to take an official TOEFL iBT Complete Practice Test.

IELTS Preparation Course (IPC)

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Intermediate

IPC is designed for intermediate and advanced students who plan to study at an English language university and who will need to take the IELTS Academic Test. Throughout the course, students learn strategies and develop the skills necessary for success on the test. Practice tests are used throughout the program.

University Lecture Series

University Lecture Series

Course Length: 4 weeks
Classes: Afternoon, 6 hours/week
Minimum Level Required: Intermediate

The University Lecture Series is designed for students who are interested in studying an academic subject in English. Courses are led by university teaching staff, with lecture content and activities typical of University of Toronto first- and second-year courses. Students should expect to prepare for lectures and complete some assignments outside of class time.

Courses offered*

- Applied Statistics
- Impacts of Globalization
- Fundamentals of Social Psychology
- Evolutionary Biology

*Course availability will be finalized in January 2020

PRE-UNIVERSITY PROGRAMS

BEGIN YOUR JOURNEY AT U of T AND GAIN AN ACADEMIC ADVANTAGE

University of Toronto, New College offers students (15- 18 years) a variety of Pre-University Programs during the summer months of July and August. Designed for students with advanced levels of English, these innovative and forward-thinking programs provide the opportunity for students to immerse themselves at Canada’s premier university and gain valuable skills and experiences. Students have the choice of attending our 4-week Advanced Academic Program (AAP), our 4-week Engineering University Preparation Program, or our 3-week Global Citizenship Program (GCP).

Students will be fully immersed in an international community at the University of Toronto, enriching their global literacies and building skills that will prepare them for success in their pursuit of higher education.

ADVANCED ACADEMIC PROGRAM (AAP)

The Advanced Academic Program (AAP) provides an opportunity for students to challenge themselves in an academic university setting during the summer months. Designed for high school students with a strong command of English, the Advanced Academic Program engages and challenges students through individual and group work in specific subject areas typical of a Canadian educational institution.

During this 4-week all-inclusive program, students will be immersed in an English language environment at Canada's top university and learn about, analyze, and explore a range of concepts related to the subject they are taking. The course will culminate with an independent research paper and academic presentation. Students have mandatory morning and afternoon courses, and will participate in co-curricular evening activities and weekend excursions.

AAP SAMPLE SCHEDULE (MONDAY - FRIDAY)

08:00 - 10:00	Breakfast
10:00 - 13:00	Morning Course
13:00 - 14:00	Lunch
14:00 - 17:00	Afternoon Course
17:30 - 19:30	Dinner
19:30 - 22:30	Evening Event
23:00	End of Day

COURSE SUMMARIES

Course	Duration (M-F)	Age	English Requirement
World Economics	4 weeks, Morning	15 - 18 years	Upper Intermediate+
Language & Literature	4 weeks, Morning	15 - 18 years	Upper Intermediate+
Law, Ethics & Society	4 weeks, Afternoon	15 - 18 years	Upper Intermediate+
Film & Cinema Studies	4 weeks, Afternoon	15 - 18 years	Upper Intermediate+
Critical Thinking in Statistics	4 weeks, Afternoon	15 - 18 years	Upper Intermediate+

Evaluation & Certificate: At the end of the program, all students receive a personalized evaluation and those who successfully complete the course are awarded a Certificate of Course Completion from University of Toronto, New College. Please note that the AAP is an enrichment program and does not provide advanced standing or credit for university courses.

MORNING COURSES

World Economics

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Upper Intermediate+

In this course, students will apply fundamental economic concepts, such as scarcity, wealth, productivity, trade-offs and markets, to learn how our economic behaviour influences, and is influenced by, a globalized, interconnected world. Students will be encouraged to research and reflect upon how these concepts are understood in their own countries and to share their knowledge with their classmates.

Language & Literature

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Upper Intermediate+

What can the written word tell us about a culture? How does what we read and write influence us? Through class discussions and personal reflections, students will critically analyze a range of fiction (such as novels, short stories, or poetry), investigating its original social, cultural and historical contexts; they will then be encouraged to consider how their own cultures and life experiences affect how they interpret a text.

AFTERNOON COURSES

Law, Ethics & Society

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Upper Intermediate+

How do we decide between right and wrong? Why do we need laws? What are our rights and obligations as citizens? This course challenges students to take on some of society's toughest questions. Through case studies, group projects, guest speakers and field trips, students will learn the basic principles behind the Canadian legal system, exploring how it compares their own.

Film & Cinema Studies

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Upper Intermediate+

This course will explore how film communicates beyond words. Topics covered include genre traditions (sci-fi, horror, documentary, etc.), production techniques, and principles of visual composition. During in-class screenings and discussions, students will analyze the many ways in which filmmakers convey stories, ideas, emotions, and biases. For their major project, they will have the opportunity to try out some of these strategies for themselves.

Critical Thinking in Statistics

Course Length: 4 weeks
Classes: 15 hours/week
Minimum Level Required: Upper Intermediate+

In this course, students will learn the fundamentals of mathematical statistics and data analysis, critically examining how statistical data is collected and used to model reality. Through individual work, class discussions, and group projects, students will also apply their analytical skills to explore cognitive bias, game theory, and decision-making.

ENGINEERING UNIVERSITY PREPARATION

The Engineering University Preparation is a summer program that is designed for international high school students with an interest in engineering and a strong command of English. In partnership with the Faculty of Applied Science & Engineering, this program challenges students in engineering topics from biomedical studies to robotics to artificial intelligence through individual and group work, modelled after typical university assignments.

During this 4-week all-inclusive program, students will be immersed in an English language environment at Canada's top engineering faculty and gain a deeper understanding of engineering fields. While developing leadership, interpersonal communications, and teamwork, students will work in groups and develop design thinking and understanding in the engineering design process. Students will have both morning and afternoon courses and will be participating in co-curricular activities in the evening and weekends.

FACULTY OF APPLIED SCIENCE & ENGINEERING

The Faculty of Applied Science & Engineering is a centre of immense inspiration, remarkable innovation and endless possibilities. Ranked 1st in Canada across all major international rankings, the Faculty is recognized for its excellence in engineering education and research and provides unparalleled experiential learning opportunities.

ENGINEERING UNIVERSITY PREPARATION SAMPLE SCHEDULE (MONDAY - FRIDAY)

GLOBAL CITIZENSHIP PROGRAM

Over the course of three weeks, students (ages 15- 18) in the Global Citizenship Program (GCP) will explore different elements of global citizenship and discover their place in an interconnected world. Through a variety of teaching methods, lectures, and hands-on activities, students will develop leadership and communication skills that build a global perspective. With a greater understanding of global citizenship and the tools to act, the program will empower students to engage within their own communities and contribute to the building of a more global society.

1 EXPLORE

In the first week of the program, students will have the opportunity to explore attributes, views, and values that make them unique. As they examine varying definitions of Global Citizenship, students will refine the necessary skills for working within a diverse international community.

- Personal Identity
- Values & Responsibilities
- Diversity & Respect
- Privilege & Inequality
- Communication & Interconnection

2 DEVELOP

During the second week of the program, students will develop competencies for understanding how social factors, economic systems, and governance structures affect local and global inequities.

- Governance Structures & Systems
- Access to Resources
- Human Rights
- Media Literacy
- Current Global Issues

3 BUILD

During the final week of the program, students will design group projects, building on the knowledge and skills cultivated in the first two weeks. This project challenges students to find a way to ethically and responsibly engage in our global community to change the world.

- Shared Beliefs and Vision
- Challenges to Organization
- Ethical Decision Making
- Social Justice
- Making a Change

Evaluation & Certificate: At the end of the program, students receive a personalized evaluation and those who successfully complete the course are awarded a certificate of course completion from University of Toronto, New College. Please note that the GCP is an enrichment program and does not provide advanced standing or credit for university courses.

CLASSES & WORKSHOPS:

Students will attend both Communication Classes and Global Citizenship Workshops. During the Communication Class, University of Toronto instructors will work with students to build on media literacy, critical thinking, and communication skills, allowing students to expand their communication abilities through one-on-one and group interactions.

These skills will be put into practice during afternoon Global Citizenship Workshops, where students can explore new ways of thinking and challenge their views of the world. Trained facilitators who are upper- year undergraduate or graduate students will lead the Global Citizenship Workshops, offering students the opportunity to discuss and learn about global citizenship through interactive and reflective learning experiences.

Together with a team of students from all over the world, GCP students will work collaboratively on a Global Challenge throughout the three weeks, culminating in a final project where they will use their critical thinking and communication skills learned during the program to create a potential solution to a real-world problem.

GCP SAMPLE SCHEDULE (MONDAY - FRIDAY)

ACCOMMODATION & FOOD

As residential programs, living in residence is mandatory for all Pre-U and Youth IEP students. Students will live in the safe and secure environment of the University of Toronto’s downtown residences. During their stay in residence, Pre-U and Youth IEP students will have access to the New College dining hall, which provides students with a comfortable dining area to enjoy the “all-you-can-eat” menu.

Each student is offered a comfortable and air-conditioned single or double room with high-speed internet access. Living in residence provides students with a unique opportunity to immerse themselves in a global community by living with classmates from around the world. Living in residence provides students with many opportunities to use English and gain confidence speaking with other students from around the world. Students will be supervised by program counsellors, who live in residence with the students and are also responsible for leading and supervising the cultural activities.

Our adult IEP students have the option to stay in the University of Toronto’s downtown residences, which are walking distance from most of Toronto’s major tourist attractions. Students have the option to purchase a meal plan at their residence that best suits their individual needs.

CULTURAL ACTIVITIES

Pre-U and Youth IEP students will participate in activities - the itinerary offers a full range of daily activities, events, and weekend trips that allow students to explore Toronto while studying and making new friends from around the world. Cultural activities are led by Canadian university students who act as guides and ensure the safety of all students.

The International Programs also organizes optional activities and trips for the adult IEP students. Through many social gatherings, sightseeing trips, and fun activities, the IEP students will have the opportunity to get to know the city of Toronto.

These activities and events offer opportunities for students to explore Toronto’s vibrant ethnic neighbourhoods, shop in the city’s trendiest areas, and experience some of Toronto’s most popular events including a professional baseball game at the Rogers Centre, an unforgettable boat ride to the base of Niagara Falls, and a trip to one of the Seven Wonders of the Modern World – the CN Tower.
