ACKNOWLEDGEMENT OF TRADITIONAL LAND

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

At U of T, you can choose from **700+** undergraduate program options while tapping into an alumni network that spans the globe.

Enjoy access to worldwide industry partnerships, cutting-edge labs and studios, and research collaborators who will become lifelong friends. An innovation powerhouse that attracts over \$1.5 billion in sponsored research funding each year, and a caring community that nurtures every newcomer, U of T has something for everyone.

We are committed to enhancing access and equity across all of our campuses. We strive to attract students who reflect Canada's diversity and can strengthen our community with a breadth of viewpoints and lived experiences.

#1 University in Canada

Embark on a Greater Toronto Adventure

Mississauga's Living Arts Centre and City Hall.

Scarborough Bluffs overlooking Lake Ontario.

At the Crossroads of Imagination and Impact

There is no better place for the enterprising student than the University of Toronto. Not only are our faculty celebrated the world over as industry visionaries, our campuses are just steps away from Bay Street's movers and shakers, and a stone's throw from the commercial heartlands of the Golden Horseshoe. Best of all, at Canada's top university—routinely ranked #1 for funding, innovation, and research output—students can collaborate with friends and mentors in any field to build solutions to the world's most pressing challenges.

Anchored by the Toronto Stock Exchange, one of the world's largest exchange for energy firms, and a financial district that headquarters Canada's five main banks, the Greater Toronto Area (GTA) is an economic powerhouse that nurtures unmatched talent in everything from cybersecurity to food security, and is acclaimed for its network of 15,000+ technology firms—the famed southern Ontario “digital corridor.”

THE GREATER TORONTO AREA IS WHERE THE WORLD COMES TO BUILD, LEARN, AND PLAY.

Savour subtropical snacks in summertime markets, drink in fall foliage on a woodland hike, and enjoy an outdoor skate with hot chocolate in December. Whether you enjoy hiking through Scarborough's scenic Rouge National Urban Park, watching a movie (or ten) at the prestigious Toronto International Film Festival, or letting loose at an open-air concert at Mississauga's Celebration Square, you'll find that the Greater Toronto Area is a magnet for colour, flavour, and friendship.

ABOUT THE GREATER
TORONTO AREA

Welcome to the *World* *Class*

Learn about the history of German cinema in Berlin, the rise and fall of bronze age powers on the Anatolian Plateau, and marine ecosystems in the South Pacific.

Studying at U of T is a global experience. We connect students from every province across Canada and from 175 countries and regions around the world—right in the heart of one of the most culturally diverse regions on Earth.

Through learning abroad options in 155+ institutions, field schools, international course modules, and research opportunity programs, you'll make contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

“During my summer abroad in Italy, I studied by seeing, touching, and experiencing history. I witnessed how books transformed over time, wandered the sunlit piazzas, and realized I was living a chapter of a history book.”

Karin, Book & Media Studies student

Careers Start Here

U of T is the top public university in North America for the employability of our graduates. Whether you want to land your dream job, conduct groundbreaking research, or start your own business, we can help get you there.

Work-Integrated Learning

Gain professional experience during your undergraduate degree through our work-integrated learning programs, like co-op and internships. Whether you're interested in tech, business, the arts or sciences, we offer a range of paid, full-time opportunities across all three campuses. You'll apply your classroom learning in real-world environments, build your resume and grow your network.

Entrepreneurship

Start a startup! U of T is a leader among top North American institutions for research-based startups, inventions, and licenses and options. Our 12 accelerators and incubators assist more than 400 student-led startup teams each year. Over the past ten years, U of T-supported startups have earned more than \$12B in venture capital funding and created more than 17,000 jobs.

Unleash Your Dreams

Students at each of our three campuses and within all of our faculties benefit from distinctive learning environments, experiences, and co-curricular opportunities, while earning the same prestigious U of T degree.

▶ Mississauga

U of T Mississauga invites you into a forested campus nestled in one of the world's most vibrant cities and economic hubs. Here, you'll make your mark in industry-ready programs across every field imaginable: from sustainability to forensic science to digital enterprise management. Earn your degree in a kind, close-knit community that supports your goals every step of the way.

utm.utoronto.ca

▶ Scarborough

With 50+ co-op programs in the arts, sciences, and business, U of T Scarborough is also home to an Olympic-calibre sports complex, 200+ student groups, and some of the world's most diverse neighbourhoods. Opportunities like community-focused learning and international development co-op programs help you build a truly multidisciplinary career.

utsc.utoronto.ca

St. George

Immerse yourself in the energy of Toronto at the St. George campus. With its blend of historic charm and state-of-the-art facilities, this campus supports student growth in every way, from hundreds of program options to vibrant student life. Engage deeply with the city and campus community as you carve out your unique path at U of T St. George.

Learn more about St. George faculties →

- ▶ You can apply to U of T Mississauga, U of T Scarborough or to a faculty at U of T St. George. You can apply to up to three different faculties or campuses in one application cycle—but only one application per area.

Degrees can be customized with specializations, majors, minors, and certificates. Build a degree that suits your goals and interests by mixing program areas and experiences.

▶ FACULTY OF APPLIED SCIENCE & ENGINEERING

Whether you plan to work in industry, start your own business or pursue further studies, you will graduate equipped with strong technical fundamentals, professional confidence, and a global perspective. Customization is a big part of the U of T Engineering experience. Combine any of our academic programs with a range of leadership and entrepreneurship opportunities, such as the PEY Co-op program where you can gain up to 20 months of work experience.

discover.engineering.utoronto.ca

▶ JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN

Whether you aspire to be an urban planner, a filmmaker, a UX/UI designer, an art critic, or something we can't yet imagine, our programs in Architectural Studies and Visual Studies will immerse you in the living laboratory of downtown Toronto. From day one, you'll be mentored by leading lights in building science, landscape architecture, public policy, curation, and sustainable energy.

daniels.utoronto.ca

▶ FACULTY OF ARTS & SCIENCE

With 400+ programs to choose from, Arts & Science students can explore diverse interests and take a range of classes—big and small. For a close-knit classroom environment, explore our First-Year Foundations programs, which include 200+ first-year seminars, each with fewer than 25 students. You'll also have the chance to apply course concepts to real-world settings by participating in research projects, international exchanges, and paid work experiences.

www.artsci.utoronto.ca

▶ FACULTY OF KINESIOLOGY & PHYSICAL EDUCATION

Explore all aspects of movement in our multidisciplinary program, from exercise physiology to ethical issues. Combining theory and practice across the curriculum, the BKin program offers many avenues to gain hands-on experience and build a solid foundation to address contemporary issues related to health. Focus your degree in an area you're passionate about by choosing from a wide breadth of courses and experiential learning opportunities.

kinesiology.utoronto.ca

▶ FACULTY OF MUSIC

A degree in Music fosters creativity, critical thinking, discipline, and teamwork. Our alumni have gone on to score films, pioneer new technologies, and pack concert halls. Music students take part in a total of 600+ concerts and recitals each year. From Early Music, to Jazz, to West African Drumming and Dancing, to Japanese Taiko Drumming, we bring the diversity of Canada into the classroom.

ADMISSION CONSIDERATION

Ontario Students: All programs require an Ontario Secondary School Diploma, and six Grade 12 U/M subjects, including ENG4U/EAE4U.

Students from Outside of Ontario: All programs require completion of a Grade 12/ senior-level English course. Accepted qualifications for students educated outside of Ontario can be found at future.utoronto.ca/requirements.

Many programs have additional prerequisites. See the program charts below for details. The admission selection process includes consideration of the Grade 11/junior and Grade 12/ senior academic record. Emphasis is placed on Grade 11/junior results where marks in the required number of Grade 12/senior courses are not yet available.

Admission is competitive and subject to space availability. We seek to admit the best possible students on the basis of academic performance and potential, and will select students for admission based on competitive strength. The "Approximate Grade Requirement" is based on the Ontario curriculum admission average from the previous year and is intended as a general guideline only. Grade requirements can vary from year to year.

MORE ABOUT OUR
MISSISSAUGA CAMPUS

Mississauga Campus

Twenty-first-century cities.
Centuries-old forests.
Next generation labs and
studios. U of T Mississauga
connects you with the best
of all worlds.

Study cancer therapies alongside leading
researchers or create new futures in Canada's
largest collection of video games. Find supports
tailored for your life at U of T's newest student
services hub or explore scenic trails by the Credit
River. Intern at a Fortune 500 company or launch
a start-up of your own. At U of T Mississauga, you
can do it all in the same place, since the middle
of nature is also in the middle of the action.

"I love UTM, it's so cozy
and nature-y. I love the
fact that it has so many
animals like deer—we
don't have deer in
Trinidad."

Nikiela, Forensic Science student from
Trinidad and Tobago

Living on Campus

From shared apartments to private dorm rooms to
newly renovated townhomes, U of T Mississauga has
a residence experience made for you. Here, you can
learn tips for success with a peer mentor, get ahead
in your courses in study groups, and make friends
for life at social events throughout the year. Game
nights over tom yum, shawarma and pizza anyone?
Half of our residence students are international;
half come from communities across Canada. So,
living here means you'll live where the world comes
together to belong.

Our College System

Every student in the Faculty of Arts & Science belongs to a college on the St. George campus. Your college is your home base — a place to access academic support, advising, student life opportunities and a close-knit community within the larger university. Each college has its own unique culture and traditions, but all provide core supports to help you thrive. uoft.me/yourcollege

"Just getting to be in classes that I really enjoy is so satisfying. My Introduction to Psychology prof is amazing. Beginning to end, it's like being in a TED Talk each week."

Aparajita, Double-Major in Psychology and Statistics, Faculty of Arts & Science; originally from Windsor, Ontario

Scarborough Campus

Students get a head start on their futures through co-op programs, internships, hands-on research, community engagement and a vibrant campus life.

What makes U of T Scarborough special isn't just our strong academics — it's a campus atmosphere where you'll be inspired to follow your passions and have the best experience possible. Share interests and goals with new friends through the many clubs and associations and find programs and support services to help with everything from academic questions to personal challenges — whatever you need to excel.

ABOUT SCARBOROUGH
CAMPUS

Living on Campus

Overlooking lush parklands on the eastern shoreline of Canada's most cosmopolitan city, U of T Scarborough's closely knit residence communities are just steps from sustainably built facilities and state-of-the-art labs. A multicultural cornucopia, Scarborough is the perfect home base for crafting a business proposal, policy paper, or novel, while sealing the deal over Hakka noodles, banh mi, and bubble tea. Residence options include Harmony Commons, townhouses, and apartments for upper-year undergraduate students. The campus is conveniently located minutes away from transit, grocery stores, and malls, as well as scenic creeks and valleys. Learn what it's like to live at U of T Scarborough, and discover the amenities and meal plans that await you, at: utsc.utoronto.ca/residences

"With its nature trails and proximity to wide grass fields, U of T Scarborough is an ideal environment to study in."

ABOUT OUR STUDENT
SUPPORT SERVICES

With You Every Step of the Way

Learning can take place outside of the classroom, and everyone learns in different ways. Finding the best way to balance school, work, home, and health can be daunting. We get that life is complicated, and we're here to help.

Student Support

Meet with a Learning Strategist, an International Transition Advisor, a Campus Chaplain, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office. uoft.me/student-support

Hart House

Hart House is a centre for experiential education outside the classroom, where students from all three of our campuses find welcoming and unique ways to connect with each other and the broader world through engagement with the arts, dialogue, and wellness. From peer groups for study and social justice-based community talks to art exhibitions, theatre workshops, and classes to strengthen the body and spirit, Hart House offers something for everyone, something for you. harthouse.ca

Health & Wellness

Your health and wellness are a priority, and we support you with a wide array of services available across all three campuses. You'll find mental health support, medical care, and wellness programs that help you live a balanced and healthy lifestyle. Whether it's through counselling, drop-in clinics, peer support networks, or wellness workshops, we provide the resources you need to flourish throughout your undergraduate journey.

"Being academically ready means reflecting on what has helped you succeed in your education so far. Whether it was building relationships with your teachers or getting involved in co-curricular activities, consider the things that helped you navigate high school and then find similar opportunities here at U of T."

Yaseen Ali, Learning Strategist

Access & Inclusion

Diversity is not just important to us; it's our greatest strength.

Equity & Support Services

We actively work to dismantle barriers that hold anyone back from their full potential. On all of our campuses, we welcome students who reflect Canada's mosaic and can enrich our community with a breadth of viewpoints and lived experiences.

Our equity offices work to build community at U of T and guide students through any concerns during their experiences on and off campus—as well as being connected with many service-focused departments, such as Health & Wellness and Accessibility Services. They offer safe avenues for confidential care and inclusivity.

Sexual & Gender Diversity

U of T's Sexual & Gender Diversity Office (SGDO) is the oldest of its kind (20+ years) at any postsecondary institution in Canada. The SGDO provides advocacy, support, and resources for 2SLGBTQ+ students, promoting an inclusive campus environment.

Our annual Queer Orientation is a huge draw for many students; our campuses are home to 20+ student groups for queer and trans undergraduate students; and U of T's Health & Wellness clinics have a Trans Healthcare Team whose services are open to students from all three campuses.
sgdo.utoronto.ca

Indigenous Students

U of T provides a wide range of supports to Indigenous students. Work with an Indigenous Learning Strategist and participate in cultural events to sharpen your study techniques, enrich your journey, and grow your leadership skills. Our Indigenous Tuition Initiative further helps make education more accessible for Indigenous students.
indigenous.future.utoronto.ca

Accessibility Services

Our accessibility services offices provide comprehensive support to ensure students have equal access to educational opportunities. Services include academic accommodations and personalized support plans tailored to individual needs. We strive to create inclusive learning environments where all students can succeed and fully engage in university life.

Connecting with Peers

Connecting with your peers provides guidance and helps to foster welcoming communities. You can find a variety of peer mentor programs and supports tailored to students from diverse backgrounds, including specific groups for Black, Indigenous, Latin American, Southeast Asian, first-generation students, and more. There are also hundreds of student-run groups where you can connect with other students who have similar lived experiences, backgrounds, or interests.

ABOUT HOW TO APPLY

Start Your Journey

Join the University of Toronto and become part of a vibrant community. Admission is competitive, so it's best to apply early.

For complete details about the application process and important dates, check out our Undergraduate Admissions Bulletin, or visit future.utoronto.ca/applying.

How to Apply

To apply for undergraduate studies, complete and submit your application through the Ontario Universities' Application Centre (OUAC). For detailed application instructions and deadlines, visit future.utoronto.ca/applying.

Deadlines

Submit your application by **November 7** to be considered in the earliest rounds of admission. The final deadline to apply is **January 15**. Deadlines for required documents, transcripts, and supplementary applications can vary by program, so check your email inbox and the application portals. future.utoronto.ca/deadlines

Application Portals

After we receive your undergraduate application from the OUAC, we will send you an email with details on how to access the Join U of T Applicant Portal: join.utoronto.ca; or the Engineering Applicant Portal: uoft.me/myportal.

Join U of T and the **Engineering Applicant Portal** allow you to track your application status, view and submit required documents, find next steps, receive admission decisions, and access other important information. Check them regularly for updates.

Watch your email inbox for details about next steps, application updates, and event invitations.

English is the language of instruction at U of T, and success in our degree programs requires a high level of English language proficiency. If English is not your first language, you will need to provide evidence of adequate English language facility. Find more about how to satisfy our English language requirement at uoft.me/elr.

Your Application Timeline

SUBMIT YOUR APPLICATION

- Start your application in late **September 2025** for studies beginning in Fall 2026.
- Submit your application by **November 7** to be considered in the earliest rounds of admission. The final application deadline is **January 15**.

COMPLETE YOUR NEXT STEPS

- Receive our application acknowledgement email about one week after you submit your application. It will include your JOINid.
- Enable your JOINid, then access **Join U of T** or the **Engineering Applicant Portal**.
- Find the list of required documents, forms, or supplemental applications on **Join U of T** or the **Engineering Applicant Portal**.
- Submit required documents and proof of English language facility (if required) by **February 2**. Some items may be required earlier, so check the application portals for all deadlines. We strongly encourage you to complete all of the next steps well ahead of deadlines.
- Submit your residence application by **March 31**, even if you haven't received an admission decision yet. Find more information about applying for residence at uoft.me/residence-app.
- Track the status of your application on **Join U of T** and the **Engineering Applicant Portal**.
- Watch your email inbox for details about additional next steps, application updates, and invitations to events and other ways to connect.

GET AN ADMISSION DECISION

- Most admission decisions are sent in rounds between **January and May**. We will email you when a decision is available, but keep checking **Join U of T** and the **Engineering Applicant Portal** for updates.
- Be sure to accept your offer of admission **before the deadline** posted on your offer letter.

Chart Your Path

Our newly admitted students are eligible for 7,100+ entrance awards, including over 150 President's Scholars of Excellence Program scholarships valued at \$15,000 each, and the International Scholar Awards with a total value of over \$100,000.

These are just two examples of the hundreds of awards for which incoming students are automatically considered.

Scholarships & Awards

U of T offers many scholarships to support both domestic and international undergraduate students. While most awards are merit-based and are automatically considered, a few areas require an extra application:

Awards Profile

This profile helps match students with awards they may be eligible for based on their academic and personal achievements.

future.utoronto.ca/awards-profile

National Scholarships

The National Scholarships recognize outstanding Canadian secondary school students who demonstrate superior academic performance and community involvement. The scholarship covers tuition, and residence fees for up to four years.

future.utoronto.ca/national-scholarships

Lester B. Pearson International Scholarships

The Pearson Scholarships recognize exceptional international students, including those currently at Canadian high schools. The scholarships cover tuition, books, and residence for up to four years.

future.utoronto.ca/pearson-scholarships

Financial Planning & Support

A variety of financial aid options are available to many students. For eligible domestic students, **University of Toronto Advanced Planning for Students (UTAPS)** helps fill the financial gap for educational costs not covered by their government student financial aid program. UTAPS provides non-repayable grants. Visit future.utoronto.ca/utaps for more information.

The **Ontario Student Assistance Program (OSAP)** and government student financial assistance programs from other provinces/territories offer a mix of grants and loans.

Canadian citizens and permanent residents who live outside Canada may also be eligible for provincial or federal financial assistance programs, as well as U of T financial aid supports.

For U.S. citizens or permanent residents, U of T is a Title IV eligible institution, participating in the William D. Ford Federal Direct Loan program. We are also an approved institution for the administration of subsidized and unsubsidized U.S. Direct Loans and PLUS Direct Loans.

More about financial aid at future.utoronto.ca/financial-aid.

International Students

NAVIGATING STUDY PERMITS

Understanding and obtaining the necessary documentation is crucial. If you are not a Canadian citizen or permanent resident, you must obtain a valid study permit before entering Canada to study. A study permit is required for studying at U of T and can be extended for post-graduation work permits. Learn more about study permits and post-graduation work permits through Immigration, Refugees and Citizenship Canada at canada.ca/immigration-refugees-citizenship.

PROVINCIAL ATTESTATION LETTER

International students may need a Provincial Attestation Letter (PAL) for their study permit application. This letter confirms your acceptance and eligibility to study in Ontario. The PAL is provided to students after they complete key steps, including accepting an offer of admission. Find out more at uoft.me/PALetter.

Connect with Us

Sign up for an interactive session with our recruitment team or book an in-person campus tour, and learn how our 700+ program options in science, engineering, business, and the arts can equip you for the new economy.
